Dear Mr. Chang :

Subject: Corrosion-resistant Steel Sheet (Inquiry No. NQ-2018-004)

On January 22, 2019, the President of the Canada Border Services Agency (CBSA) made a final determination respecting the dumping of certain corrosion-resistant steel sheet (please see the finding for the full product definition).

Upon receipt of the CBSA's notice, the Canadian International Trade Tribunal initiated an inquiry pursuant to section 42 of the *Special Import Measures Act (SIMA)*. The notice of commencement of inquiry dated October 25, 2018, was published in Part I of the November 3, 2018, edition of the *Canada Gazette*. A public hearing was held during the course of this inquiry.

On January 22, 2019, the CBSA issued a final determination with respect to the dumping of the above-mentioned goods.

On February 21, 2019, having completed the inquiry, the Tribunal made a finding, pursuant to subsection 43(1) of *SIMA*, that the dumping of the above-mentioned goods has not caused injury, but is threatening to cause injury to the domestic industry.

Pursuant to subsection 43(2) of *SIMA*, a copy of the finding, in English and in French, is enclosed. The statement of reasons will be issued within 15 days.

Pursuant to subsection 45(1) of *SIMA*, interested persons who are of the view that the imposition of anti-dumping duties in the full amount would not or might not be in the public interest may, if they so wish, make a request for a public interest inquiry. Interested persons shall file their representations with the Tribunal, on or before March 25, 2019. In the event that requests for a public interest inquiry are received by the Tribunal, it will provide a copy of each request to all those who were sent a copy of the Tribunal's threat of injury finding in the section 42 inquiry proceeding, and invite them to respond to the request(s) if they so wish. At that time, the Tribunal will communicate the applicable procedures and timelines interested persons must adhere to. For guidance on how to proceed with a request for a public interest inquiry, please refer to the Tribunal's *Guideline on Public Interest Inquiries* which can be found on the Tribunal's Web site at www.citt-tcce.gc.ca/en/Public_Interest_Guidelines_e.

Under section 46 of the *Canadian International Trade Tribunal Act*, a person who provides information to the Tribunal and who wishes some or all of the information to be kept confidential must submit to the Tribunal, at the time the information is provided, a statement designating the information as confidential, together with an explanation as to why the information is designated as confidential. Furthermore, the person must submit a non-confidential summary of the information designated as
