

ANTI-DUMPING NOTICE NO. 2021/129

Customs Act 1901 – Part XVB

Hot Rolled Coil Steel

Exported from Taiwan

Expiry of anti-dumping measures

Notice under subsection 269ZHB(1) of the Customs Act 1901 (Cth)

I, Dr Bradley Armstrong PSM, the Commissioner of the Anti-Dumping Commission (the Commissioner), in accordance with subsection 269ZHB(1) of the *Customs Act 1901* (the Act),¹ advise that the anti-dumping measures on hot rolled coil steel, exported to Australia from Taiwan are due to expire.

The anti-dumping measures were initially imposed by public notice on 20 December 2012, by the then Minister for Home Affairs, Jason Clare, following the consideration of Customs and Border Protection's Final Report No.188. The anti-dumping measures consist of a dumping duty notice in relation to the goods exported to Australia from Taiwan.

The dumping duty notice is due to expire on 20 December 2022.

Those persons specified in subsection 269ZHB(1)(b) of the Act are invited to apply for a continuation of the measures. The application must be in writing, be in the form I have approved for the purposes of section 269ZHC, contain such information that the form requires, be signed in the manner indicated in the form, and be lodged in the manner approved under section 269SMS. Applications must be lodged by **4 December 2021**.

The application must provide evidence addressing whether there appears to be reasonable grounds for asserting that the expiration of the anti-dumping measures to which the application relates might lead, or might be likely to lead, to a continuation of, or a recurrence of, the material injury that the measures are intended to prevent.

If an application is received that complies with the prescribed requirements and I decide not to reject that application, I will publish a notice on the Anti-Dumping Commission's website indicating that it is proposed to inquire whether continuation of the measures is justified. I will undertake an inquiry and report my recommendation to the Minister within 155 days of publication of the notice advising the commencement of the inquiry (or such longer period as may be allowed in accordance with section 269ZHI of the Act).

¹ All legislative references in this notice are to the *Customs Act 1901*.

If no application is received within the period specified above, the anti-dumping measures applying to hot rolled coil steel, exported to Australia from Taiwan will expire on 20 December 2022. Therefore, on and from 21 December 2022, anti-dumping measures would no longer apply.
