Deadline for responding to submitted information	1 February 2022
Authentication	TBC if required
Publication of reconsidered decision	April 2022 - May 2022

Notes

We have received eight applications and a number of further submissions since initiation of the reconsideration process. In order that we can complete the work, we must set an absolute deadline for submitting any further information. We are setting this deadline on 11 January to allow time for interested parties to finalise any further submissions and also, once published, for interested parties to review and/or respond to these submissions by 1 February.

In any case, we ask that interested parties make any submissions as soon as possible.
