The Commissioner of the Anti-Dumping Commission (the Commissioner) has extended the due date to publish the final report and recommendation to the Minister for the above case.¹

PUBLIC RECORD

Basis for extension

I, Isolde Lueckenhausen, am the Deputy Commissioner Investigations, Anti-Dumping Commission (the commission). I requested the extension of the due date to provide the final report and recommendation to the Minister.

I requested the extension because the commission requires additional time to consider the submissions received in response to the SEF and how the information provided in these submissions impacts the commission's analysis and findings regarding whether the expiry of the measures would, or would likely, lead to a continuation or recurrence of dumping and material injury.
