Dear Henry Chih-hung Liu:

On August 21, 2023, the Canadian International Trade Tribunal (CITT), pursuant to subsection 76.03(1) of the *Special Import Measures Act* (SIMA), initiated an expiry review of its order made on October 15, 2018, in Expiry Review No. RR-2017-005, concerning the dumping of certain carbon steel welded pipe originating in or exported from the Separate Customs Territory of Taiwan, Penghu, Kinmen and Matsu (Chinese Taipei), the Republic of India (India), the Sultanate of Oman (Oman), the Republic of Korea (South Korea), the Kingdom of Thailand (Thailand), and the United Arab Emirates (UAE) and the subsidizing of the aforementioned goods originating in or exported from India.

As a result, on August 22, 2023, the Canada Border Services Agency (CBSA) initiated an expiry review investigation to determine whether the expiry of the order is likely to result in the continuation or resumption of dumping and/or subsidizing of the goods.

The investigation has now been completed and today, pursuant to paragraph 76.03(7)(a) of SIMA, the CBSA has determined that the expiry of the order:

- i. is likely to result in the continuation or resumption of dumping of such goods originating in or exported from Chinese Taipei, India, Oman, South Korea, Thailand, and the UAE; and
- ii. is likely to result in the continuation or resumption of subsidizing of such goods originating in or exported from India.

A *Statement of Reasons* that contains additional details concerning the determinations made by the CBSA will be issued within 15 days and will be posted on the CBSA's [website](#).

Any person directly affected by these determinations may make an application to the Federal Court of Appeal, pursuant to section 96.1 of SIMA, to review the CBSA's determinations. The term "persons directly affected" includes Canadian producers, exporters, and importers of the subject goods. The grounds for requesting a judicial review are outlined in the attached **Appendix**.

.../2

The CITT will now conduct an inquiry to determine whether the expiry of its order is likely to result in injury to the Canadian industry. The CITT has announced that it will issue its decision by June 26, 2024. Anti-dumping and countervailing duties will continue to be applicable on the subject goods until that date.

The CITT will conduct its inquiry in the manner set forth in the *Notice of Expiry Review of Order* concerning certain carbon steel welded pipe as previously provided to interested persons. A copy of this notice and the schedule of the CITT's inquiry are also available on the CITT's [website](#).

If the CITT determines that the expiry of the order is not likely to cause injury, the order will be rescinded. If the CITT determines that the expiry of the order is likely to cause injury, it will issue an order to continue the current order, with or without amendment.

Questions concerning the CITT's future actions should be directed to the CITT, at the following address:

### GROUNDINGS FOR REQUESTING A JUDICIAL REVIEW UNDER THE *SPECIAL IMPORT MEASURES ACT*

- (d) based a decision on an erroneous order of fact that the President made in a perverse or capricious manner or without regard for the material before the President;
- (e) acted or failed to act, by reason of fraud or perjured evidence; or
- (f) acted in any other way that was contrary to law.
