**NOTIFICATION PURSUANT TO ARTICLE 9.1, FOOTNOTE 2  
OF THE AGREEMENT ON SAFEGUARDS**

UNITED KINGDOM

*Certain steel products*

*Supplement*

The following communication, dated and received on 26 June 2024, is being circulated at the request of the delegation of the United Kingdom.

---

Pursuant to Articles 12.1(c) and 9.1 and its footnote of the WTO Agreement on Safeguards, the United Kingdom notifies that the Secretary of State for Business and Trade decided to extend the safeguard measure on certain steel products from 1 July 2024 until 30 June 2026 and to continue to suspend the measure for goods originating in Ukraine throughout this period.

By way of background, the Trade Remedies Authority ("TRA" – the United Kingdom's competent authority) initiated the extension review of the measure on 4 September 2023, as set out in document [G/SG/N/6/GBR/1/Suppl.3](#).

On 21 February 2024, the TRA published its Statement of Intended Final Determination (SIFD), as set out in document [G/SG/N/6/GBR/1/Suppl.4](#) - [G/SG/N/8/GBR/1/Suppl.8](#). The SIFD outlined the TRA's findings up to that date and the recommendation it intended to make to the Secretary of State. This was open to comment from interested parties until 7 March 2024.

On 19 April 2024, taking account of further comments following the publication of the SIFD, the TRA published its final determination and recommendation to extend the measure, as set out in document [G/SG/N/8/GBR/1/Suppl.9](#) - [G/SG/N/10/GBR/1/Suppl.16](#) - [G/SG/N/11/GBR/1/Suppl.16](#).

In taking her decision, the Secretary of State considered the evidence contained within the TRA's final determination and recommendation and matters in the public interest. The decision will come into effect on 1 July 2024.

The reviews initiated on 9 February 2024 in relation to the application of the measure to product category 1, as set out in document [G/SG/N/10/GBR/1/Suppl.15](#) - [G/SG/N/11/GBR/1/Suppl.15](#), are ongoing.

**1. Provide evidence, citing relevant data and the applicable period of investigation of serious injury or threat thereof caused by increased imports.**

Please refer to the notification dated 19 April 2024.

**2. Provide information on whether there is an absolute increase in imports or an increase in imports relative to domestic production (please see also Article 2.1 for the context).**

Please refer to the notification dated 19 April 2024.

**3. Provide the precise description of the product involved.**

The products subject to the extension review are certain steel products imported under the following commodity codes:
