DIOCTYL TEREPHTHALATE ("DOTP") FROM MALAYSIA, POLAND, TAIWAN, AND TURKEY INJURE U.S. INDUSTRY, SAYS USITC

The U.S. International Trade Commission (Commission or USITC) today determined that a U.S. industry is materially injured by reason of imports of DOTP from Malaysia, Poland, Taiwan, and Turkey that the U.S. Department of Commerce (Commerce) has determined are sold in the United States at less than fair value.

Chair Amy Karpel and Commissioners David S. Johanson and Jason E. Kearns voted in the affirmative.

As a result of the Commission’s affirmative determinations, Commerce will issue antidumping duty orders on imports of this product from Malaysia, Poland, Taiwan, and Turkey.

The Commission’s public report of *Diocetyl Terephthalate ("DOTP") from Malaysia, Poland, Taiwan, and Turkey* (Inv. Nos. 731-TA-1675-1678 (Final), USITC Publication 5616, May 2025) will contain the views of the Commission and information developed during the investigations.

The report will be available by June 2, 2025; when available, it may be accessed on the USITC website.

Status of proceedings, links to relevant documents, and additional information for these investigations can be found at the Commission’s Investigations Database System (IDS).
