Use of Facts Available With Adverse Inferences

As discussed in the *Preliminary Results*, we are relying entirely upon facts otherwise available, pursuant to sections 776(a) and (b) of the Act, to assign estimated dumping margins to mandatory respondents Dar Yu, Liang Chyuan, Tricera, and YSI because these companies were unresponsive to our requests for information, and thereby withheld necessary information that was requested by Commerce, failed to provide the information requested by the specified deadlines in the form and manner requested, and significantly impeded the review. Further, Commerce continues to find that Dar Yu, Liang Chyuan, Tricera, and YSI failed to cooperate by not acting to the best of their ability to comply with requests for information and, thus, Commerce is applying an adverse inference in selecting among the facts available, in accordance with section 776(b) of the Act. Using adverse facts available (AFA), we are assigning these companies a rate of 78.17 percent, which is the highest rate applied in any segment of this proceeding.

Final Results of Review

As a result of our review, we have determined the following dumping margins for the firms listed below for the period July 1, 2023, through June 30, 2024:

Exporter/producer	Weighted-average dumping margin (percent)
Dar Yu Enterprise Co Ltd (Dar Yu)	78.17
Liang Chyuan Industrial Co Ltd. (Liang Chyuan)	78.17
Tricera Corp (Tricera)	78.17
Your Standing International Inc (YSI)	78.17

Disclosure

Normally, Commerce discloses to interested parties the calculations performed in connection with the final results of administrative review within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of the final results in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because Commerce applied AFA to the four companies subject to this review, and there are no changes from the *Preliminary Results*, there are no calculations to disclose.

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act, and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the

time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

Upon publication of this notice in the **Federal Register**, the following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for Dar Yu, Liang Chyuan, Tricera, and YSI, will be equal to the appropriate dumping margin established in the final results of

this administrative review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior completed segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original less than fair value (LTFV) investigation, but the producer has been covered in a prior completed segment of this proceeding, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; and (4) the cash deposit rate for all other producers and exporters will continue to be 2.16 percent, the all-others rate established in the LTFV investigation, as amended.⁶ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order (APO)

This notice also serves as a final reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing these final results of administrative review in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(5).

SUMMARY: Notice is hereby given that an enhancement permit has been issued to Waikiki Aquarium, 2777 Kalakaua Avenue, Honolulu, HI 96815 (Responsible Party: Andrew Rossiter, Ph.D.) for captive Hawaiian monk seals (*Neomonachus schauinslandi*).

ADDRESSES: The permit and related documents are available for review upon written request via email to NMFS.Pr1Comments@noaa.gov.

FOR FURTHER INFORMATION CONTACT: Jennifer Skidmore or Courtney Smith, Ph.D., (301) 427-8401.

SUPPLEMENTARY INFORMATION: On December 19, 2024, notice was published in the **Federal Register** (89 FR 103786) that a request for an enhancement permit had been submitted by the above-named applicant. The requested permit has been issued under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222 through 226).

The objectives of the enhancement is to support the recovery actions in accordance with The Hawaiian Monk Seal Recovery Plan (NMFS 2007) and the Species in the Spotlight Action Plan for Hawaiian monk seals (NMFS 2021) by providing long-term care of up to two Hawaiian monk seals at any given time taken from the wild for rehabilitation or enhancement purposes under separate permits or authorizations. Seals maintained under this permit would be removed from the wild as either: aggressive males that severely injure or

kill conspecifics or beached/stranded seals taken for rehabilitation, but are deemed non-releasable due to medical issues or are considered nuisance animals. These animals will continue to be maintained under the authorities under which they were collected from the wild pursuant to MMPA Sections 104(c)(4) for aggressive males or 109(h)/112(c) for non-releasables, as well as ESA Section 10(a)(1)(A).

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), a final determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

As required by the ESA, issuance of this permit was based on a finding that such permit: (1) was applied for in good faith; (2) will not operate to the disadvantage of such endangered species; and (3) is consistent with the purposes and policies set forth in section 2 of the ESA.
