Certain Alkyl Phosphate Esters From the People's Republic of China: Antidumping and Countervailing Duty Orders; Correction

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) published a notice in the *Federal Register* on June 11, 2025, in which Commerce announced the antidumping and countervailing duty orders on certain alkyl phosphate esters from the People's Republic of China (China). This notice corrects the ending date of the antidumping duty provisional measures.

FOR FURTHER INFORMATION CONTACT: Dennis McClure, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20203; telephone: (202) 482-5973.

SUPPLEMENTARY INFORMATION:**Background**

On June 11, 2025, Commerce published in the *Federal Register*, *Certain Alkyl Phosphate Esters from the People's Republic of China: Antidumping and Countervailing Duty Orders*.¹ In that notice, we incorrectly stated that the date for the end of provisional measures in the less-than-fair-value (LTFV) investigation was June 2, 2025, rather than June 1, 2025.

Correction

In the *Federal Register* of June 11, 2025, in FR Doc 2025-10630 on page 24581, in the first column, in the second paragraph under the heading "Provisional Measures—AD," correct the first two sentences to read as follows:

The provisional measures period, beginning on the date of publication of the *LTFV Preliminary Determination*,^{2} ended on June 1, 2025. Therefore, in accordance with section 733(d) of the

Act and our practice,³ Commerce will instruct CBP to terminate the suspension of liquidation and to liquidate, without regard to antidumping duties, unliquidated entries of alkyl phosphate esters from China entered, or withdrawn from warehouse, for consumption after June 1, 2025, the final day on which the provisional measures were in effect, until and through the day preceding the date of publication of the ITC's final affirmative injury determination in the *Federal Register*.

Notification to Interested Parties

This notice is issued and published in accordance with section 516A(c) and (e) and 777(i)(1) of the Tariff Act of 1930, as amended.

Dated: June 20, 2025.

Christopher Abbott,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

DEPARTMENT OF COMMERCE**International Trade Administration****Initiation of Antidumping and Countervailing Duty Administrative Reviews**

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) has received requests to conduct administrative reviews of various antidumping duty (AD) and countervailing duty (CVD) orders with May anniversary dates. In accordance with Commerce's regulations, we are initiating those administrative reviews.

DATES: Applicable June 25, 2025.

FOR FURTHER INFORMATION CONTACT:

Brenda E. Brown, AD/CVD Operations, Customs Liaison Unit, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, telephone: (202) 482-4735.

SUPPLEMENTARY INFORMATION:

³ See, e.g., *Certain Corrosion-Resistant Steel Products from India, Italy, the People's Republic of China, the Republic of Korea and Taiwan: Amended Final Affirmative Antidumping Determination for India and Taiwan, and Antidumping Duty Orders*, 81 FR 48390, 48392 (July 25, 2016).

Background

Commerce has received timely requests, in accordance with 19 CFR 351.213(b), for administrative reviews of various AD and CVD orders with May anniversary dates.

All deadlines for the submission of various types of information, certifications, comments, or actions by Commerce discussed below refer to the number of calendar days from the applicable starting time.

Respondent Selection

In the event that Commerce limits the number of respondents for individual examination for administrative reviews initiated pursuant to requests made for the orders identified below, Commerce intends to select respondents based either on U.S. Customs and Border Protection (CBP) data for U.S. imports during the period of review (POR) or questionnaires in which we request the quantity and value (Q&V) of sales, shipments, or exports during the POR. Where Commerce selects respondents based on CBP data, we intend to place the CBP data on the record within five days of publication of the initiation notice. Where Commerce selects respondents based on Q&V data, Commerce intends to place the Q&V questionnaire on the record of the review within five days of publication of the initiation notice. In either case, we intend to make our decision regarding respondent selection within 35 days of publication of the initiation notice in the *Federal Register*. Comments regarding the CBP data (and/or Q&V data (where applicable)) and respondent selection should be submitted within seven days after the placement of the CBP data/submission of the Q&V data on the record of the review. Parties wishing to submit rebuttal comments should submit those comments within five days after the deadline for the initial comments.

In the event that Commerce decides it is necessary to limit individual examination of respondents and conduct respondent selection under section 777A(c)(2) of the Tariff Act of 1930, as amended (the Act), the following guidelines regarding collapsing of companies for purposes of respondent selection will apply. In general, Commerce has found that determinations concerning whether particular companies should be "collapsed" (e.g., treated as a single entity for purposes of calculating AD rates) require a substantial amount of detailed information and analysis, which often require follow-up questions and analysis. Accordingly, Commerce

¹ See *Certain Alkyl Phosphate Esters from the People's Republic of China: Antidumping and Countervailing Duty Orders*, 90 FR 24579 (June 11, 2025).

² See *Certain Alkyl Phosphate Esters from the People's Republic of China: Preliminary Affirmative Determination of Sales at Less Than Fair Value, Postponement of Final Determination and Extension of Provisional Measures*, 89 FR 96223 (December 4, 2024) (*LTFV Preliminary Determination*).

will not conduct collapsing analyses at the respondent selection phase of the review and will not collapse companies at the respondent selection phase unless there has been a determination to collapse certain companies in a previous segment of the AD proceeding (e.g., investigation, administrative review, new shipper review, or changed circumstances review). For any company subject to the review, if Commerce determined, or continued to treat, that company as collapsed with others, Commerce will assume that such companies continue to operate in the same manner and will collapse them for respondent selection purposes. Otherwise, Commerce will not collapse companies for purposes of respondent selection.

Parties are requested to (a) identify which companies subject to review previously were collapsed, and (b) provide a citation to the proceeding in which they were collapsed. Further, if companies are requested to complete the Q&V questionnaire for purposes of respondent selection, in general, each company must report volume and value data separately for itself. Parties should not include data for any other party, even if they believe they should be treated as a single entity with that other party. If a company was collapsed with another company or companies in the most recently completed segment of the proceeding where Commerce considered collapsing that entity, complete Q&V data for that collapsed entity must be submitted.

Notice of No Sales

With respect to AD administrative reviews, we intend to rescind the review where there are no suspended entries for a company or entity under review and/or where there are no suspended entries under the company-specific case number for that company or entity. Where there may be suspended entries, if a producer or exporter named in this notice of initiation had no exports, sales, or entries during the POR, it may notify Commerce of this fact within 30 days of publication of this initiation notice in the **Federal Register** for Commerce to consider how to treat suspended entries under that producer's or exporter's company-specific case number.

Deadline for Withdrawal of Request for Administrative Review

Pursuant to 19 CFR 351.213(d)(1), a party that has requested a review may withdraw that request within 90 days of the date of publication of the notice of initiation of the requested review. The regulation provides that Commerce may

extend this time if it is reasonable to do so. Determinations by Commerce to extend the 90-day deadline will be made on a case-by-case basis.

Deadline for Particular Market Situation Allegation

Section 504 of the Trade Preferences Extension Act of 2015 amended the Act by adding the concept of a particular market situation (PMS) for purposes of constructed value under section 773(e) of the Act.¹ Section 773(e) of the Act states that "if a particular market situation exists such that the cost of materials and fabrication or other processing of any kind does not accurately reflect the cost of production in the ordinary course of trade, the administering authority may use another calculation methodology under this subtitle or any other calculation methodology." When an interested party submits a PMS allegation pursuant to section 773(e) of the Act, Commerce will respond to such a submission consistent with 19 CFR 351.301(c)(2)(v). If Commerce finds that a PMS exists under section 773(e) of the Act, then it will modify its dumping calculations appropriately.

Neither section 773(e) of the Act nor 19 CFR 351.301(c)(2)(v) set a deadline for the submission of PMS allegations and supporting factual information. However, in order to administer section 773(e) of the Act, Commerce must receive PMS allegations and supporting factual information with enough time to consider the submission. Thus, should an interested party wish to submit a PMS allegation and supporting new factual information pursuant to section 773(e) of the Act, it must do so no later than 20 days after submission of initial responses to section D of the questionnaire.

Separate Rates

In proceedings involving non-market economy (NME) countries, Commerce begins with a rebuttable presumption that all companies within the country are subject to government control and, thus, should be assigned a single AD deposit rate. It is Commerce's policy to assign all exporters of merchandise subject to an administrative review in an NME country this single rate unless an exporter can demonstrate that it is sufficiently independent so as to be entitled to a separate rate.

To establish whether a firm is sufficiently independent from government control of its export activities to be entitled to a separate

rate, Commerce analyzes each entity exporting the subject merchandise. In accordance with the separate rates criteria, Commerce assigns separate rates to companies in NME cases only if respondents can demonstrate the absence of both *de jure* and *de facto* government control over export activities.

All firms listed below that wish to qualify for separate rate status in the administrative reviews involving NME countries must complete, as appropriate, either a Separate Rate Application or Certification, as described below. In addition, all firms that wish to qualify for separate rate status in the administrative reviews of AD orders in which a Q&V questionnaire is issued must complete, as appropriate, either a Separate Rate Application or Certification, and respond to the Q&V questionnaire.

For these administrative reviews, in order to demonstrate separate rate eligibility, Commerce requires entities for whom a review was requested, that were assigned a separate rate in the most recent segment of this proceeding in which they participated, to certify that they continue to meet the criteria for obtaining a separate rate. The Separate Rate Certification form will be available on Commerce's website at <https://access.trade.gov/Resources/nme/nme-sep-rate.html> on the date of publication of this **Federal Register** notice. In responding to the certification, please follow the "Instructions for Filing the Certification" in the Separate Rate Certification. Separate Rate Certifications are due to Commerce no later than 14 calendar days after publication of this **Federal Register** notice. In addition to filing a Separate Rate Certification with Commerce no later than 14 calendar days after publication of this **Federal Register** notice. The deadline and requirement for submitting a Separate Rate Certification applies equally to NME-owned firms, wholly foreign-owned firms, and foreign sellers who purchase and export subject merchandise to the United States.

Entities that currently do not have a separate rate from a completed segment of the proceeding² should timely file a Separate Rate Application to

² Such entities include entities that have not participated in the proceeding, entities that were preliminarily granted a separate rate in any currently incomplete segment of the proceeding (e.g., an ongoing administrative review, new shipper review, etc.) and entities that lost their separate rate in the most recently completed segment of the proceeding in which they participated.

¹ See Trade Preferences Extension Act of 2015, Public Law 114-27, 129 Stat. 362 (2015).

demonstrate eligibility for a separate rate in this proceeding. In addition, companies that received a separate rate in a completed segment of the proceeding that have subsequently made changes, including, but not limited to, changes to corporate structure, acquisitions of new companies or facilities, or changes to their official company name,³ should timely file a Separate Rate Application to demonstrate eligibility for a separate rate in this proceeding. The Separate Rate Application will be available on Commerce's website at <https://access.trade.gov/Resources/nme/nme-sep-rate.html> on the date of publication of this **Federal Register** notice. In responding to the Separate Rate Application, refer to the instructions contained in the application. Separate Rate Applications are due to Commerce no later than 14 calendar days after publication of this **Federal Register** notice. The deadline and requirement for submitting a Separate Rate Application applies equally to NME-owned firms, wholly foreign-owned firms, and foreign sellers that purchase

and export subject merchandise to the United States.

Exporters and producers must file a timely Separate Rate Application or Certification if they want to be considered for individual examination. Furthermore, exporters and producers who submit a Separate Rate Application or Certification and subsequently are selected as mandatory respondents will no longer be eligible for separate rate status unless they respond to all parts of the questionnaire as mandatory respondents.

Certification Eligibility

Commerce may establish a certification process for companies whose exports to the United States could contain both subject and non-subject merchandise. Companies under review that were deemed to not be eligible to participate in the certification program of that proceeding may submit a Certification Eligibility Application to establish that they maintain the necessary systems to track their sales to the United States of subject and non-subject goods.

All firms listed below that are not currently eligible to certify but wish to

establish certification eligibility are required to submit a Certification Eligibility Application. The Certification Eligibility Application will be available on Commerce's website at <https://access.trade.gov/Resources/Certification-Eligibility-Application.pdf>.

Certification Eligibility Applications must be filed according to Commerce's regulations and are due to Commerce no later than 30 calendar days after the publication of the **Federal Register** notice.

Exporters and producers that are not currently eligible to certify, who submit a Certification Eligibility Application, and are subsequently selected as mandatory respondents must respond to all parts of the questionnaire as mandatory respondents for Commerce to consider their Certification Eligibility Application.

Initiation of Reviews

In accordance with 19 CFR 351.221(c)(1)(i), we are initiating administrative reviews of the following AD and CVD orders and findings. We intend to issue the final results of these reviews not later than May 31, 2026.

Suspension Agreements

None.

⁴ In the initiation notice published on April 28, 2025 (90 FR 17568), we listed two company names with incorrect spellings. We are correcting those errors in this notice.

⁵ We received requests for reviews of the listed companies for this POR, however, this Order has been revoked due to litigation. *See Mattresses from Indonesia: Notice of Court Decision Not in Harmony with the Final Determination of Antidumping Duty Investigation; Notice of Amended Final Determination; and Notice of Revocation of Antidumping Order*. Should the order be reinstated as a result of pending litigation, we will initiate on these requests at that time.

⁶ The initiation notice that published on May 20, 2025 (90 FR 21459) did not include this case. We are correcting this error in this initiation notice, effective May 20, 2025.

⁷ In English, the name HDM Spiral Kaynakli Celik Boru A.S. is HDM Spirally Welded Steel Pipe Inc.

⁸ In English, the name Toscelik Profil ve Sac End. A.S. is Toscelik Profile and Sheet Ind. Co.

⁹ In the investigation, Commerce treated these companies as a single entity. *See Certain Vertical Shaft Engines Between 99cc and Up to 225cc, and Parts Thereof, From the People's Republic of China: Final Affirmative Determination of Sales at Less Than Fair Value and Final Affirmative Determination of Critical Circumstances, in Part*, 86 FR 14077 (March 12, 2021). Absent information to the contrary, we intend to continue to treat these companies as a single entity for the purpose of this administrative review.

¹⁰ Subject merchandise both produced and exported by Husteel Co., Ltd. (Husteel) is excluded from the countervailing duty order. *See Large Diameter Welded Pipe from the Republic of Korea: Countervailing Duty Order*, 84 FR 18773 (May 2, 2019). Thus, Husteel's inclusion in this administrative review is limited to entries for which Husteel was not both the producer and exporter of the subject merchandise.

¹¹ Subject merchandise both produced and exported by Hyundai Steel Company (Hyundai Steel) and subject merchandise produced by Hyundai Steel and exported by Hyundai Corporation are excluded from the countervailing duty order. *See Large Diameter Welded Pipe from the Republic of Korea: Countervailing Duty Order*, 84 FR 18773 (May 2, 2019). Thus, Hyundai Steel's inclusion in this administrative review is limited to entries for which Hyundai Steel was not both the producer and exporter of subject merchandise.

¹² In English, the name HDM Spiral Kaynakli Celik Boru A.S. is HDM Spirally Welded Steel Pipe Inc.

¹³ In English, the name Toscelik Profil ve Sac End. A.S. is Toscelik Profile and Sheet Ind. Co.

¹⁴ The initiation notice that published on May 20, 2025 (90 FR 21459) did not include this case. We are correcting this error in this initiation notice, effective May 20, 2025.

Duty Absorption Reviews

During any administrative review covering all or part of a period falling between the first and second or third and fourth anniversary of the publication of an AD order under 19 CFR 351.211 or a determination under 19 CFR 351.218(f)(4) to continue an order or suspended investigation (after sunset review), Commerce, if requested by a domestic interested party within 30 days of the date of publication of the notice of initiation of the review, will determine whether antidumping duties have been absorbed by an exporter or producer subject to the review if the subject merchandise is sold in the United States through an importer that is affiliated with such exporter or producer. The request must include the name(s) of the exporter or producer for which the inquiry is requested.

Gap Period Liquidation

For the first administrative review of any order, there will be no assessment of antidumping or countervailing duties on entries of subject merchandise entered, or withdrawn from warehouse, for consumption during the relevant “gap” period of the order (*i.e.*, the period following the expiry of provisional measures and before definitive measures were put into place), if such a gap period is applicable to the POR.

Administrative Protective Orders and Letters of Appearance

Interested parties must submit applications for disclosure under administrative protective orders in accordance with the procedures outlined in Commerce's regulations at 19 CFR 351.305. Those procedures apply to administrative reviews included in this notice of initiation. Parties wishing to participate in any of these administrative reviews should ensure that they meet the requirements of these procedures (*e.g.*, the filing of separate letters of appearance as discussed at 19 CFR 351.103(d)).

Factual Information Requirements

Commerce's regulations identify five categories of factual information in 19 CFR 351.102(b)(21), which are summarized as follows: (i) evidence submitted in response to questionnaires; (ii) evidence submitted in support of allegations; (iii) publicly available information to value factors under 19 CFR 351.408(c) or to measure the adequacy of remuneration under 19 CFR 351.511(a)(2); (iv) evidence placed on the record by Commerce; and (v) evidence other than factual information described in (i)–(iv). These regulations require any party, when submitting factual information, to specify under which subsection of 19 CFR 351.102(b)(21) the information is being submitted and, if the information is submitted to rebut, clarify, or correct factual information already on the record, to provide an explanation identifying the information already on the record that the factual information seeks to rebut, clarify, or correct. The regulations, at 19 CFR 351.301, also provide specific time limits for such factual submissions based on the type of factual information being submitted. Please review the *Final Rule*,¹⁵ available at <https://www.govinfo.gov/content/pkg/FR-2013-07-17/pdf/2013-17045.pdf>, prior to submitting factual information in this segment. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).¹⁶

Any party submitting factual information in an AD or CVD proceeding must certify to the accuracy and completeness of that information using the formats provided at the end of

¹⁵ See *Certification of Factual Information To Import Administration During Antidumping and Countervailing Duty Proceedings*, 78 FR 42678 (July 17, 2013) (*Final Rule*); see also the frequently asked questions regarding the *Final Rule*, available at https://enforcement.trade.gov/lei/notices/factual_info_final_rule_FAQ_07172013.pdf.

¹⁶ See *Administrative Protective Order, Service, and Other Procedures in Antidumping and Countervailing Duty Proceedings; Final Rule*, 88 FR 67069 (September 29, 2023).

the *Final Rule*.¹⁷ Commerce intends to reject factual submissions in any proceeding segments if the submitting party does not comply with applicable certification requirements.

Extension of Time Limits Regulation

Parties may request an extension of time limits before a time limit established under Part 351 expires, or as otherwise specified by Commerce.¹⁸ In general, an extension request will be considered untimely if it is filed after the time limit established under Part 351 expires. For submissions which are due from multiple parties simultaneously, an extension request will be considered untimely if it is filed after 10:00 a.m. on the due date. Examples include, but are not limited to: (1) case and rebuttal briefs, filed pursuant to 19 CFR 351.309; (2) factual information to value factors under 19 CFR 351.408(c), or to measure the adequacy of remuneration under 19 CFR 351.511(a)(2), filed pursuant to 19 CFR 351.301(c)(3) and rebuttal, clarification and correction filed pursuant to 19 CFR 351.301(c)(3)(iv); (3) comments concerning the selection of a surrogate country and surrogate values and rebuttal; (4) comments concerning CBP data; and (5) Q&V questionnaires. Under certain circumstances, Commerce may elect to specify a different time limit by which extension requests will be considered untimely for submissions which are due from multiple parties simultaneously. In such a case, Commerce will inform parties in the letter or memorandum setting forth the deadline (including a specified time) by which extension requests must be filed to be considered timely. This policy also requires that an extension request must be made in a separate, standalone submission, and clarifies the circumstances under which Commerce will grant untimely-filed requests for the extension of time limits. Please review the *Final Rule*, available at <https://www.gpo.gov/fdsys/pkg/FR-2013-09-20/html/2013-22853.htm>, prior to submitting factual information in these segments.

Notification to Interested Parties

These initiations and this notice are in accordance with section 751(a) of the Act (19 U.S.C. 1675(a)) and 19 CFR 351.221(c)(1)(i).

¹⁷ See section 782(b) of the Act; see also *Final Rule*; and the frequently asked questions regarding the *Final Rule*, available at https://enforcement.trade.gov/tlei/notices/factual_info_final_rule_FAQ_07172013.pdf.

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Generic Clearance for Usability Data Collections

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on April 15, 2025, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Institute of Standards and Technology (NIST), Commerce.

Title: Generic Clearance for Usability Data Collections.

OMB Control Number: 0693–0043.

Form Number(s): None.

Type of Request: Regular submission, extension of a current information collection.

Number of Respondents: 150,000.

Average Hours per Response: Varied, dependent upon the data collection method used. The possible response time to complete a questionnaire may be 15 minutes or 2 hours to participate in an empirical study.

Burden Hours: 100,000.

Needs and Uses: NIST will conduct information collections to evaluate the usability and utility of NIST research for measurement and standardization work. These data collections efforts may include, but may not be limited to electronic methodologies, empirical studies, video and audio collections, interviews, and questionnaires.

Affected Public: Individual or households; State, Local or Tribal Government; Federal Government.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function and entering either the title of the collection or the OMB Control Number 0693–0043.
