Stainless Steel Sheet and Strip in Coils From Taiwan: Preliminary Results and Rescission of Antidumping Duty Administrative Review, in Part, and Preliminary Determination of No Shipments; 2023-2024

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily finds that sales of stainless steel sheet and strip in coils (SSSSC) from Taiwan have been made at less than normal value during the period of review (POR), July 1, 2023, through June 30, 2024. Commerce also preliminarily finds that Yieh United Steel Company (YUSCO) had no shipments to the United States during the POR. Additionally, Commerce preliminarily determines that 22 companies for which we initiated a review had no suspended entries during the POR. Interested parties are invited to comment on these preliminary results.

DATES: Applicable July 7, 2025.

FOR FURTHER INFORMATION CONTACT: Christopher Maciuba, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20203; telephone: (202) 482-0413.

SUPPLEMENTARY INFORMATION:

Background

On July 27, 1999, Commerce published in the **Federal Register** the antidumping duty (AD) order on SSSSC from Taiwan.¹ On July 1, 2024, Commerce published in the **Federal Register** a notice of opportunity to request an administrative review of the Order.² On August 14, 2024, based on timely requests for review, in accordance with 19 CFR 351.221(c)(1)(i), we initiated an AD review of 83 producers and exporters of the subject merchandise.³ This review covers three producers and/or exporters

of the subject merchandise. Commerce selected two companies, Shiner Steel International Ltd. (Shiner Steel) and Yuan Long Stainless Steel Corp (Yuan Long) for individual examination.⁴ On December 9, 2024, Commerce tolled certain deadlines in this administrative review by 90 days.⁵ The current deadline for the preliminary results of this review is July 1, 2025.

For a complete description of the events that followed the initiation of this review, *see* the Preliminary Decision Memorandum.⁶

Scope of the Order

The merchandise subject to the *Order* is certain stainless steel sheet and strip in coils. For the complete description of the scope of the *Order*, *see* the Preliminary Decision Memorandum.

Partial Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review, in whole or in part, if a party who requested the review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review. On September 26, 2024, North American Stainless and Outokumpu Stainless USA, LLC, (collectively, domestic interested parties) timely partially withdrew their request for an administrative review for 58 companies.⁷ Because no other party requested a review these 58 companies, we are rescinding the administrative review for these companies in accordance with 19 CFR 351.213(d)(1).⁸ For a complete list of those companies for which all requests for administrative review were withdrawn, *see* Appendix II.

Pursuant to 19 CFR 351.213(d)(3), it is Commerce's practice to rescind an administrative review when there are no reviewable entries of subject merchandise during the POR for which liquidation is suspended.⁹ Normally,

upon completion of an administrative review, the suspended entries are liquidated at the AD assessment rate calculated for the review period.¹⁰ Therefore, to conduct an administrative review of a company, there must be a suspended entry that Commerce can instruct U.S. Customs and Border Protection (CBP) to liquidate at the AD assessment rate calculated for the POR.¹¹

On January 3, 2025, we notified parties of our intent to rescind this administrative review, in part, with respect to the 22 companies listed in Appendix III because there were no suspended entries of subject merchandise produced or exported by these companies during the POR. We invited interested parties to comment.¹² No parties commented on our intent to rescind the review, in part. In the absence of suspended entries of subject merchandise from these companies during the POR, we are rescinding, in part, the administrative review for the 22 companies listed in Appendix III, in accordance with 19 CFR 351.213(d)(3).

Methodology

Commerce is conducting this review in accordance with sections 751(a)(1)(B) and (2) of the Tariff Act of 1930, as amended (the Act). Commerce has preliminarily relied entirely upon facts otherwise available with adverse inferences (AFA) for both Shiner Steel and Yuan Long.

For a full description of the methodology underlying our conclusions, *see* the Preliminary Decision Memorandum. A list of the topics discussed in the Preliminary Decision Memorandum is attached as an appendix to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Preliminary Determination of No Shipments

Based on record information, we preliminarily determine that YUSCO did not have knowledge that the subject

merchandise was destined for the United States, and, thus, YUSCO is not considered the exporter of subject merchandise during the POR for the purposes of this review.¹³ Therefore, we preliminarily determine that YUSCO made no shipments of subject merchandise during the POR. Consistent with Commerce's practice, we find that it is not appropriate to rescind the review with respect to YUSCO, but rather to complete the review and issue appropriate instructions to CBP based on the final results of this review.¹⁴

Preliminary Results of the Review

As a result of this review, we preliminarily determine that the following estimated weighted-average dumping margins exist for the period July 1, 2023, through June 30, 2024:

Exporter/producer	Weighted-average dumping margin (percent)
Shiner Steel International Ltd	21.10
Yuan Long Stainless Steel Ltd ...	21.10

Disclosure

Normally, Commerce discloses to interested parties the calculations performed in connection with a preliminary determination within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of preliminary determination in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because Commerce preliminarily applied total AFA to the mandatory respondents Shiner Steel and Yuan Long in this administrative review, and the applied AFA rate is based on a rate calculated for a respondent in a prior segment of this proceeding, there are no calculations to disclose.

Public Comment

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance. Pursuant to 19 CFR 351.309(c)(1)(ii), we have modified the deadline for interested parties to submit case briefs to Commerce to no later than 21 days after the date of the publication of this notice.¹⁵ Rebuttal briefs, limited to issues raised in the case briefs, may be filed no later than five days after the

date for filing case briefs.¹⁶ Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) a statement of the issue; and (2) a table of authorities.¹⁷ All briefs must be filed electronically using ACCESS. An electronically filed document must be received successfully in its entirety in ACCESS by 5:00 p.m. Eastern Time on the established deadline.

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Acting Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, filed electronically via ACCESS within 30 days after publication of this notice.¹⁸ Hearing requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Oral presentations at the hearing will be limited to issues raised in the briefs. If a request for a hearing is made, Commerce intends to hold the hearing at a date and time to be determined.¹⁹ Parties should confirm by telephone the date and time of the hearing two days before the scheduled date. An electronically filed document must be received successfully in its entirety by ACCESS by 5:00 p.m. Eastern Time on the established deadline.

Commerce intends to issue the final results of this administrative review, including the results of its analysis raised in any written briefs, not later than 120 days after the publication date of this notice, pursuant to section 751(a)(3)(A) of the Act, unless otherwise extended.

Assessment Rates

Upon completion of the administrative review, Commerce shall determine, and CBP shall assess, AD duties on all appropriate entries covered by this review.²⁰ The final results of this review shall be the basis for the assessment of AD duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.²¹

Commerce's "automatic assessment" practice will apply to entries of subject merchandise during the POR produced by companies included in these final

results of review for which the reviewed companies did not know that the merchandise they sold to the intermediary (e.g., a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.²²

Further, if we continue to find in the final results that YUSCO had no shipments of subject merchandise during the POR, we will instruct CBP to liquidate any suspended entries that entered under their AD case number (i.e., at YUSCO's cash deposit rate) at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the exporters listed above will be that established in the final results of this review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously reviewed or investigated companies not participating in this review, the cash deposit rate will continue to be the company-specific rate published for the most recently-completed segment of this proceeding in which the company was reviewed; (3) if the exporter is not a firm covered in this review or previous segment, but the manufacturer is, then the cash deposit rate will be the rate established for the most recently-completed segment for the manufacturer of the subject merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 12.61

percent, the all-others rate established in the less-than-fair-value investigation.²³ These deposit requirements, when imposed, shall remain in effect until further notice.

Final Results of Review

Unless the deadline is otherwise extended, Commerce intends to issue the final results of this administrative review, including the results of its analysis of issues raised by interested parties in the written comments, within 120 days after the date of publication of these preliminary results in the **Federal Register**.²⁴

Notification to Importers

This notice serves as a reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: June 30, 2025.

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules From the Socialist Republic of Vietnam: Amended Final Antidumping Duty Determination; Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules From Cambodia, Malaysia, Thailand, and the Socialist Republic of Vietnam: Antidumping Duty Orders; Correction

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

ACTION: Notice; correction.

SUMMARY: The U.S. Department of Commerce (Commerce) published a notice in the **Federal Register** on June 24, 2025, in which Commerce announced the amended final antidumping duty determination on crystalline silicon photovoltaic cells, whether or not assembled into modules (solar cells) from the Socialist Republic of Vietnam (Vietnam), and antidumping duty orders on solar cells from Cambodia, Malaysia, Thailand, and Vietnam. This notice corrects for: (1) the inadvertent omission of the separate scope Appendix, applicable to the antidumping order for Vietnam, and (2) the omission of exclusion language with respect to respondent Hanwha Q Cells Malaysia Sdn. Bhd., applicable to the antidumping order for Malaysia.

FOR FURTHER INFORMATION CONTACT: Deborah Cohen (Vietnam), Office III; telephone: (202) 482–4521; Hermes Panilla (Cambodia), Office I; telephone: (202) 482–3477; Stephen Bailey (Thailand), Office IV; telephone: (202) 482–0193; and Patrick Barton (Malaysia), Office III; telephone: (202) 482–0012; AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On June 24, 2025, Commerce published in the **Federal Register** the

Orders on solar cells from Cambodia, Malaysia, Thailand, and Vietnam.¹

In that notice, we identified the products covered by the *Orders* as solar cells from Cambodia, Malaysia, Thailand, and Vietnam, for which a complete description was provided in the sole appendix to the notice. The complete scope description contained in the appendix reflected the correct scope of the antidumping duty orders for Cambodia, Malaysia, and Thailand. However, as a result of the prior incorporation of exclusion language specific to the antidumping duty proceeding regarding Vietnam, the final scope of the antidumping duty investigation on solar cells from Vietnam included additional language not reflected in the final scope of the antidumping duty investigations on solar cells from Cambodia, Malaysia, and Thailand. Therefore, the complete scope description referenced in the **Federal Register** notice of the *Orders*, and contained in the appendix thereto, inadvertently omitted a second appendix (and reference thereto) containing distinct scope language applicable to the antidumping duty order on Vietnam.

Further, Commerce inadvertently omitted language that subject merchandise produced and exported by Hanwha Q Cells Malaysia Sdn. Bhd. is excluded from the antidumping duty order on Malaysia in the “Estimated Weighted-Average Margins” and “Continuation of Suspension of Liquidation” sections.

Correction

Correction 1: Vietnam Scope

In the **Federal Register** of June 24, 2025, in FR Doc 2025–11588, on page 26787, in the first column under the heading “Scope of the Orders,” correct the second sentence to read as follows:

For a complete description of the scope of the orders, *see* Appendix I and Appendix II to this notice.

Further, replace the entirety of the Appendix to FR Doc 2025–11588, which begins in the first column of page 26790 and continues to the second column of page 26791, with the appendices to this notice (Appendix I and Appendix II).
