On July 7, 2025, Commerce published the *Preliminary Results* and invited interested parties to comment.¹ No interested party submitted comments on the *Preliminary Results*. Commerce made no changes from the *Preliminary Results*, which are herein adopted as the final results of review. Additionally, because these final results remain unchanged from the *Preliminary Results*, no memorandum accompanies this notice. Commerce conducted this review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

¹ See *Stainless Steel Sheet and Strip in Coils from Taiwan: Preliminary Results and Rescission of Antidumping Duty Administrative Review, in Part, and Preliminary Determination of No Shipments; 2023-2024*, 90 FR 29840 (July 7, 2025) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum (PDM).

Scope of the Order²

The merchandise covered by the *Order* is SSSSC from Taiwan. For a complete description of the scope of the *Order*, see the *Preliminary Results* PDM.

Final Determination of No Shipments

In the *Preliminary Results*, Commerce determined that YUSCO did not have suspended entries of subject merchandise during the POR.³ No parties commented on Commerce's preliminary no-shipment determination. Therefore, for these final results, we continue to determine that YUSCO had no shipments of subject merchandise during the POR.

Final Results of Review

We determine that the following weighted-average dumping margins exist for the POR, July 1, 2023, through June 30, 2024:

Exporter/producer	Weighted-average dumping margin (percent)
Shiner Steel International Ltd	21.10
Yuan Long Stainless Steel Ltd ...	21.10

Disclosure

Because we made no changes to the calculations performed in connection with the *Preliminary Results*, there are no new calculations to disclose in accordance with 19 CFR 351.224(b) for these final results.

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b)(1), Commerce will determine and CBP shall assess, antidumping duties on all appropriate entries covered by this review. For these final results, we will instruct CBP to apply an *ad valorem* assessment rate equal to the dumping margins shown above to all entries of subject merchandise during the POR which were produced and/or exported by Shiner Steel and Yuan Long.

For YUSCO we will instruct CBP to liquidate any existing entries of merchandise produced by YUSCO but exported by other parties at the rate of the intermediate reseller, if available, or at the all-others rate.⁴

² See *Notice of Antidumping Duty Order; Stainless Steel Sheet and Strip in Coils from United Kingdom, Taiwan, and South Korea*, 64 FR 40555 (July 27, 1999) (*Order*).

³ See *Preliminary Results*, 90 FR at 29841.

⁴ For a full discussion of this practice, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

Commerce intends to issue appropriate assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the *Federal Register*. If a timely summon is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).⁵

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for each company listed above will be that established in the final results of this review; (2) for previously reviewed or investigated companies not participating in this review, the cash deposit rate will continue to be the company-specific rate published for the most recently-completed segment of this proceeding in which the company was reviewed; (3) if the exporter is not a firm covered in this review, or a previous segment, but the producer is, then the cash deposit rate will be the rate established for the most recently completed segment for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 12.61 percent, the all-others rate established in the less-than-fair-value investigation.⁶

These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

The notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

⁵ See *Notice of Discontinuation of Policy to Issue Liquidation Instructions After 15 Days in Applicable Antidumping and Countervailing Duty Administrative Proceedings*, 86 FR 3995 (January 15, 2021).

⁶ See *Order*.

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the U.S. Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC) that revocation of the antidumping duty (AD) order on silicon metal from the Russian Federation would likely lead to the continuation or recurrence of dumping and material injury to an industry in the United States, Commerce is publishing a notice of continuation of this AD order.

DATES: Applicable January 2, 2026.

FOR FURTHER INFORMATION CONTACT: Kamila Khamidova, Trade Agreements Policy and Negotiations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-8051.

SUPPLEMENTARY INFORMATION:

Background

On March 26, 2003, Commerce published in the **Federal Register** the AD order on silicon metal from the Russian Federation.¹ On May 1, 2025, the ITC instituted,² and Commerce initiated,³ the fourth sunset review of the *Order*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). As a result of its review, Commerce determined that revocation of the *Order* would likely lead to the continuation or recurrence of dumping, and therefore, notified the ITC of the magnitude of the margins of dumping likely to prevail should the *Order* be revoked.⁴

On January 2, 2026, the ITC published its determination, pursuant to sections 751(c) and 752(a) of the Act, that revocation of the *Order* would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁵

Scope of the Order

For purposes of this *Order*, the product covered is silicon metal, which generally contains at least 96.00 percent but less than 99.99 percent silicon by weight. The merchandise covered by this *Order* also includes silicon metal from Russia containing between 89.00 and 96.00 percent silicon by weight, but containing more aluminum than the silicon metal which contains at least 96.00 percent but less than 99.99 percent silicon by weight. Silicon metal currently is classifiable under subheadings 2804.69.10 and 2804.69.50 of the Harmonized Tariff Schedule of the United States (HTSUS). This *Order* covers all silicon metal meeting the above specification, regardless of tariff classification.

Continuation of the Order

As a result of the determinations by Commerce and the ITC that revocation of the *Order* would likely lead to continuation or recurrence of dumping, countervailable subsidies, and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, Commerce hereby orders the
