

NOTICE OF INITIATION

Wire Rod originating in People's Republic of China (Dumping)

Initiation of an Expiry Review

Review No. ER0082

The Trade Remedies Authority (TRA) makes the following Notice under regulation 67(7) of The Trade Remedies (Dumping and Subsidisation) (EU Exit) Regulations 2019 (the Regulations) to initiate an expiry review.

This expiry review concerns anti-dumping measures imposed in the Secretary of State's notice number [2022/07](#)¹. This notice supersedes any previous notice imposed as a result of investigation no. TD0007 into dumped imports of goods originating in the People's Republic of China. Further information on that investigation is available on the [public file](#)².

The application to initiate an expiry review has been made by 7 Steel (UK) Limited of Building 58, East Moors Road, Cardiff, CF24 5NN (the Applicant).

The exporting country is the People's Republic of China.

The goods subject to the expiry review are bars and rods, hot-rolled, in irregularly wound coils, of iron, non-alloy steel or alloy steel other than of stainless steel originating from the People's Republic of China and are listed below in Annex A of this Notice of Initiation.

The anti-dumping measures will continue to have effect, where they would otherwise have expired, until the end of the expiry review.

Persons known to the TRA to import or export the goods:

	Name	Importer/Exporter
1.	Benxi Beitai Gaosu Steel Wire Rod Co., Ltd	Exporter
2.	Valin Group	Exporter

The date of initiation of the review is 28 January 2026.

² <https://www.trade-remedies.service.gov.uk/public/case/TD0007/>

The period of investigation for the review is 1 October 2024 to 30 September 2025. In order to assess injury, we will examine the period from 1 October 2021 to 30 September 2025.

The UK industry on behalf of which the review application is made is UK producers of wire rod.

SUMMARY OF THE REASONS FOR INITIATING THE REVIEW

The Application includes evidence that if the application of the anti-dumping amount expires:

- the dumping would be likely to continue or recur; and
- the injury caused by the dumping would be likely to continue or recur.

Having assessed the evidence provided in the [Application](#)³, we consider that the Applicant has provided sufficient evidence to substantiate the need for an expiry review.

SUMMARY OF THE ISSUES INVOLVED IN THE REVIEW

When conducting an expiry review, we will consider whether:

- the dumping of goods is continuing or is likely to recur;
- the injury has been removed or reduced, in whole or in part, due to the application of the anti-dumping amount;
- the circumstances of the relevant exporting country or territory, or overseas exporter, are such that the injury caused by the dumped goods is likely to continue or recur; and
- the anti-dumping amount should be allowed to expire, should be extended, or otherwise varied.

SUMMARY OF THE REVIEW PROCESS

The review may involve the following process:

1. inviting parties to register their interest in the review;
2. issuing questionnaire to:
 - interested parties who have registered an interest in the review,
 - contributors who have registered an interest in the review,
 - UK producers, importers and overseas exporters and overseas producers identified in the Application, and
 - any trade or business association of UK producers, importers and overseas exporters and overseas producers identified in the Application;

3. we may consider it appropriate to limit examination to a sample of:
 - overseas exporters,
 - overseas producers,
 - importers,
 - categories of goods,
 - UK producers,
 - transactions for the purchase of the like goods in the UK, or
 - anything else we consider appropriate to sample;
4. verification to further assess and examine information, which may include verification visits and desktop verification;
5. analysing information gathered;
6. publishing a Statement of Essential Facts, we will set a period of time during which parties will be able to comment on the Statement of Essential Facts.
7. determining whether to vary the anti-dumping amount and
8. conducting the economic interest test where proposing to extend the measure;

At the end of the review, we will make a recommendation on whether the anti-dumping measure should be varied. The Secretary of State will then decide whether to accept, reject, or ask that the TRA reassess the recommendation.

HOW TO TAKE PART IN THE REVIEW

Registration period

Anyone who wants to participate in the review is invited to contact us by 12 February 2025. You can register your interest through the [Trade Remedies Service](#)

Please contact ER0082@traderemedies.gov.uk if you have any difficulties using this service.

Anyone registering their interest after the registration period may not be able to participate fully in the review process.

Interested parties and contributors

Once registered, interested parties and contributors can submit comments on any issues relevant to the review through the [Trade Remedies Service](#).

Interested parties may include:

- the government of the People's Republic of China;

- any overseas exporter, overseas producer or importer of the goods subject to review;
- any trade or business association of overseas producers, overseas exporters or importers of the goods subject to review;
- any producer of the like goods in the UK; and
- any trade or business association of UK producers of the like goods.

Contributors are those, other than interested parties, who have notified the TRA that they would like to participate in the review.

Like goods are goods which are like the goods subject to review in all respects, or if there are no such goods, those which have characteristics closely resembling the goods subject to review.

Hearings

Interested parties can request a hearing during the review process using the [Trade Remedies Service](#).

For further information about hearings, please see our [Meetings, Hearings and Visits guidance](#).

Confidential information

Information provided during a review may be treated as confidential. Anyone requesting that information be treated as confidential must demonstrate why and provide:

- a non-confidential summary of that information; or
- where that is not possible, a statement of reasons explaining why the information should be treated as confidential, and why it cannot be summarised.

FURTHER INFORMATION

Our [Trade Remedies Guidance](#) provides more information about the review process, including our requirements for [submitting and summarising confidential information](#).

ANNEX A

THE GOODS SUBJECT TO THE EXPIRY REVIEW:
