Mr. Henry Chih-hung Liu  
Executive Director of Economic Division  
Taipei Economic and Cultural Office  
45 O'Connor Street  
Ottawa, ON K1P 1A4

June 4, 2026

Dear Henry Chih-hung Liu:

On January 5, 2026, the Canadian International Trade Tribunal (CITT), pursuant to subsection 76.03(1) of the *Special Import Measures Act* (SIMA), initiated an expiry review of its finding made on February 5, 2021, in inquiry NQ-2020-001, concerning the dumping of certain hot-rolled carbon steel plate and high-strength low-alloy steel plate originating in or exported from the Separate Customs Territory of Taiwan, Penghu, Kinmen and Matsu (Chinese Taipei) and Germany (subject goods).

As a result of the CITT's expiry review, on January 6, 2026, the Canada Border Services Agency (CBSA) initiated an expiry review investigation to determine, pursuant to paragraph 76.03(7)(a) of SIMA, whether the expiry of the finding is likely to result in the continuation or resumption of dumping of the subject goods.

The expiry review investigation has now been completed and today, pursuant to paragraph 76.03(7)(a) of SIMA, the CBSA has determined that the expiry of the finding is likely to result in the continuation or resumption of dumping of such goods originating in or exported from Chinese Taipei and Germany.

A *Statement of Reasons* that contains additional details concerning the determination made by the CBSA will be issued within 15 days and will be posted on the CBSA's [website](#).

Any person directly affected by this determination may make an application to the Federal Court of Appeal, pursuant to section 96.1 of SIMA, to review the CBSA's determination. The term "persons directly affected" includes Canadian producers, exporters, and importers of the subject goods. The grounds for requesting a judicial review are outlined in the attached **Appendix**.

.../2

The CITT will now conduct an inquiry to determine whether the expiry of its finding is likely to result in injury to the domestic industry and has announced that it will issue its finding by November 10, 2026. Anti-dumping duties will continue to be applicable on the subject goods until that date.

The CITT will conduct its inquiry in the manner set forth in the *Notice of Expiry Review of Finding* concerning heavy plate as previously provided to interested persons. A copy of this notice and the schedule of the CITT's inquiry are also available on the CITT's [website](#).

If the CITT determines that the expiry of the finding is not likely to cause injury, the finding will be rescinded. If the CITT determines that the expiry of the finding is likely to cause injury, it will continue the finding, with or without amendment.

Questions concerning the CITT's future actions should be directed to the CITT, at the following address:

### NOTICE OF EXPIRY REVIEW OF FINDING

#### HEAVY PLATE

The Canadian International Trade Tribunal gives notice that, pursuant to subsection 76.03(1) of the *Special Import Measures Act* (SIMA), it will initiate an expiry review of its finding made on February 5, 2021, in inquiry NQ-2020-001, concerning the dumping of hot-rolled carbon steel plate and high-strength low-alloy steel plate, not further manufactured than hot-rolled, heat-treated or not, in cut lengths, in widths greater than 72 inches (+/- 1,829 mm) to 152 inches (+/- 3,860 mm) inclusive, and thicknesses from 0.375 inches (+/- 9.525 mm) up to and including 4.5 inches (+/- 114.3 mm) (with all dimensions being plus or minus allowable tolerances contained in the applicable standards), originating in or exported from the Separate Customs Territory of Taiwan, Penghu, Kinmen, and Matsu (Chinese Taipei) and the Federal Republic of Germany (the subject goods), but excluding:

- plate in coil form, and
- plate having a rolled, raised figure at regular intervals on the surface (also known as floor plate).

For greater certainty, the subject goods include steel plate which contains alloys greater than required by recognized industry standards, provided the steel does not meet recognized industry standards for an alloy grade steel plate. The list of additional products that were excluded from the Tribunal's finding can be found on the [Tribunal's website](#).

In this expiry review, the Canada Border Services Agency (CBSA) will first determine whether the expiry of the finding in respect of the subject goods is likely to result in the continuation or resumption of dumping of the subject goods. If the CBSA determines that the expiry of the finding in respect of any goods is likely to result in the continuation or resumption of dumping, the Tribunal will then determine if the continued or resumed dumping is likely to result in injury to the domestic industry. The CBSA will provide notice of its determination within 150 days after receiving notice of the Tribunal's initiation of the expiry review, that is, no later than **June 4, 2026**. The Tribunal will issue its order and its statement of reasons no later than **November 10, 2026**.

Each person or government wishing to participate in this expiry review must file [Form I—Notice of Participation](#) with the Tribunal by **January 20, 2026**. Regarding the importance of the deadline for filing a notice of participation, please read carefully the **“Support by domestic producers” section below**. Each counsel who intends to represent a party in the expiry review must file [Form II—Notice of Representation](#) and [Form III—Declaration and Undertaking](#) with the Tribunal, by **January 20, 2026**. The Tribunal will issue a list of participants shortly thereafter.

On **July 27, 2026**, the Tribunal will distribute the record to participants. Counsel and self-represented participants are required to serve their respective submissions on each other on the dates outlined below. Public submissions are to be served on counsel and those participants who are not represented by counsel. Confidential submissions are to be served only on counsel who have access to the confidential record, and who have filed Form III—Declaration and Undertaking with the Tribunal. This information will be included in the list of participants. **One complete electronic version** of all submissions must be filed with the Tribunal.

The Tribunal will hold a hearing relating to this expiry review commencing on **August 31, 2026**. The type of hearing will be communicated at a later date.

Written submissions, correspondence and requests for information regarding the Tribunal's portion of this expiry review should be addressed to the Registry, Secretariat to the Canadian International Trade Tribunal, at [citt-tcce@tribunal.gc.ca](mailto:citt-tcce@tribunal.gc.ca) or you may reach the Registry at 613-993-3595.

## ADDITIONAL INFORMATION

### BACKGROUND INFORMATION

In this expiry review, the CBSA will first conduct an investigation to determine whether the expiry of the finding in respect of the subject goods is likely to result in the continuation or resumption of dumping of the subject goods. To this end, the CBSA will send questionnaires to domestic producers, importers and foreign producers to gather information for its investigation. Further information regarding the CBSA's investigation can be obtained by contacting the CBSA SIMA Registry and Disclosure Unit, by telephone at 613-948-4605, or by email at [simaregistry-depotlmsi@cbsa-asfc.gc.ca](mailto:simaregistry-depotlmsi@cbsa-asfc.gc.ca). A copy of the CBSA's investigation [schedule](#) is available on the CBSA's website.

If the CBSA determines that the expiry of the finding in respect of any goods is likely to result in the continuation or resumption of dumping, the Tribunal will conduct its portion of the expiry review, pursuant to the provisions of SIMA and its [Expiry Review Guidelines](#), to determine if the continued or resumed dumping of the subject goods is likely to result in injury to the domestic industry. Upon receipt of the CBSA's determination, if any, of a likelihood of continued or resumed dumping, the Tribunal will issue other questionnaires to domestic producers, certain importers, foreign producers, as well as any known trade unions that represent persons employed in the domestic industry, to gather information for the purposes of its expiry review.

The schedule for the Tribunal's expiry review follows.

### SUPPORT BY DOMESTIC PRODUCERS

Subsection 76.03(2) of SIMA provides that the Tribunal may terminate an expiry review at any time if, in the Tribunal's opinion, the review is not supported by domestic producers. The question as to whether the expiry review is supported by domestic producers will be assessed by the Tribunal based on the circumstances specific to this case. However, the Tribunal will typically consider that the failure of domestic producers to file notices of participation with the Tribunal or to substantially participate in the expiry review indicates that the review is not supported.

The Tribunal therefore requires that each person or government wishing to participate in this expiry review and, most importantly, domestic producers, file their notices of participation no later than 15 days after the issuance of this notice.

### REQUESTS FOR PRODUCT EXCLUSIONS

The Tribunal's [Guidelines on Product Exclusion Requests](#) describe the procedure for filing requests for specific product exclusions. [Forms](#) are available on the Tribunal's website to facilitate the filing of product exclusion requests, responses and replies to responses.

### PROCEDURE FOR E-FILING WITH THE TRIBUNAL

The public, counsel and self-represented participants may file documents electronically with the Tribunal through its [Secure E-filing Service](#). The information is fully encrypted from the sender to the Tribunal.

Form I—Notice of Participation, Form II—Notice of Representation and Form III—Declaration and Undertaking, should all be filed electronically through the Tribunal's Secure E-filing Service.

Following receipt of completed forms I, II and III, the Tribunal will send to counsel and self-represented participants a letter with information on the E-registry Service and the filing of documents.

### HEARING

The Tribunal will hold a hearing relating to this expiry review commencing on **August 31, 2026**. The type of hearing will be communicated at a later date.

### INTERPRETATION AT THE HEARING

To facilitate management of interpretation requirements:

- 25 days prior to the hearing, parties are to advise the Tribunal and all parties, in writing, which language(s) their
