(Top Forever) made sales of subject merchandise at less than normal value (NV) during the period of review (POR), July 1, 2024, through June 30, 2025. In addition, we are rescinding the review with respect to 20 companies. Interested parties are invited to comment on these preliminary results of review.

SUPPLEMENTARY INFORMATION:

Background

On July 13, 2015, Commerce published the antidumping duty order on nails from Taiwan.¹ On June 30, 2025, Commerce published a notice of opportunity to request an administrative review of the *Order*.² On July 31, 2025, the domestic interested party, Mid Continent Steel & Wire Inc. (Mid

Continent) filed a timely request for review with respect to 22 companies.³ No other interested party requested an administrative review of the *Order*. Pursuant to this request, on August 22, 2025, Commerce published the *Initiation Notice* in the **Federal Register**.⁴

In the *Initiation Notice*, Commerce indicated that, in the event that it limited the respondents for individual examination in accordance with section 777A(c)(2) of the Tariff Act of 1930, as amended (the Act), Commerce intended to select respondents for individual examination based on U.S. Customs and Border Protection (CBP) data.⁵ On August 25, 2025, Commerce released CBP entry data to interested parties and provided interested parties the opportunity to comment on the CBP data and respondent selection.⁶ No interested parties filed comments regarding the CBP data or respondent selection.

On September 11, 2025, Commerce selected Faithful Engineering and Top Forever as mandatory respondents in this review.⁷ On September 15, 2025, Commerce issued the AD Questionnaire to Faithful Engineering and Top Forever.⁸ However, Faithful Engineering and Top Forever did not timely respond or request an extension of time to respond to Commerce's AD Questionnaire by the deadlines.⁹

Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.¹⁰ Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an

additional 21 days.¹¹ On June 8, 2026, Commerce extended the deadline for the preliminary results of this review an additional seven days.¹² Accordingly, the deadline for these preliminary results is now June 16, 2026.

Scope of the Order

The merchandise covered by the Order is steel nails. For a full description of the scope, see Appendix I.

Partial Rescission of Review

Pursuant to 19 CFR 351.213(d)(3), it is Commerce's practice to rescind an administrative review of an antidumping duty order where it concludes that there were no suspended entries of subject merchandise during the POR.¹³ Normally, upon completion of an administrative review, the suspended entries are liquidated at the antidumping duty assessment rate for the review period.¹⁴ Therefore, for an administrative review to be conducted, there must be a reviewable, suspended entry that Commerce can instruct CBP to liquidate at the antidumping duty assessment rate calculated for the POR.¹⁵

Commerce notified all interested parties of its intent to rescind the instant review regarding the companies listed in Appendix II to this notice because there were no reviewable, suspended entries of subject merchandise from these companies during the POR and invited interested parties to comment.¹⁶ No party commented on this memorandum. In the absence of any suspended entries of subject merchandise from these companies during the POR, we are rescinding this administrative review for the companies listed in Appendix II to this notice, in accordance with 19 CFR 351.213(d)(3).

Methodology

Pursuant to sections 776(a)(1) and 776(a)(2)(A)–(C) of the Act, Commerce is preliminarily relying upon facts otherwise available to assign estimated dumping margins to mandatory respondents Faithful Engineering and

Top Forever because both companies were unresponsive to our requests for information, thereby withholding necessary information that was requested by Commerce, failing to provide the information requested by the specified deadlines in the form and manner requested, and significantly impeding the conduct of the review. Further, Commerce preliminarily finds that Faithful Engineering and Top Forever failed to cooperate by not acting to the best of their ability to comply with requests for information and, thus, Commerce is applying an adverse inference in selecting among the facts available, in accordance with section 776(b) of the Act. As adverse facts available, we are assigning these companies a rate of 78.17 percent, which is the highest rate applied in any segment of this proceeding.¹⁷ Based on this determination, there are no memoranda accompanying this notice.

Preliminary Results of Review

As a result of this review, we preliminarily determine that the following estimated weighted-average dumping margins exist for the period, July 1, 2024, through June 30, 2025:

Producer or exporter	Weighted-average dumping margin (percent)
Faithful Engineering Products Co., Ltd	78.17
Top Forever Screws Co., Ltd	78.17

Disclosure

Normally, Commerce discloses to interested parties the calculations performed in preliminary results within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of preliminary results in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because Commerce preliminarily applied total adverse facts available to the two companies subject to this review, in accordance with section 776 of the Act, there are no calculations to disclose.

Public Comment

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance. Pursuant to 19 CFR 351.309(c)(1)(ii), we have modified the deadline for interested parties to submit case briefs to Commerce to no later than 21 days after the date of the publication of this notice.¹⁸ Rebuttal briefs, limited to issues raised in the case briefs, may be filed no later than five days after the date for filing case briefs.¹⁹ Interested parties who submit case briefs or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.²⁰ All briefs must be filed electronically using ACCESS. An electronically filed document must be received successfully in its entirety in ACCESS by 5:00 p.m. Eastern Time on the established deadline.

As provided under 19 CFR 351.309(c)(2)(iii) and (d)(2)(iii), we request that interested parties provide at the beginning of their briefs an executive summary for each issue raised in their briefs.²¹ Further, we request that interested parties limit their public executive summary of each issue to no more than 450 words, not including citations. We intend to use the executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final results in this administrative review. We request that interested parties include footnotes for relevant citations in the public executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).²²

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via ACCESS by 5:00 p.m. Eastern Time within 30 days of the date of publication of this notice. Requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing

An electronically filed hearing request must be received successfully in its entirety by Commerce's electronic records system, ACCESS, within 30 days after the date of publication of this notice. If a request for a hearing is made, Commerce intends to hold a hearing at a time and date to be determined.²³ Parties should confirm the date, time, and location of the hearing two days before the scheduled date.

Assessment Rates

Upon issuing the final results of this review, Commerce will determine, and U.S. CBP shall assess, antidumping duties on all appropriate entries covered by this review.²⁴ With respect to the companies for which we have rescinded this review in part, Commerce intends to instruct CBP to assess antidumping duties on all appropriate entries at rates equal to the cash deposit rate of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, during the POR, in accordance with 19 CFR 351.212(c)(1)(i).

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the companies listed above will be that established in the final results of this review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously investigated or reviewed companies not covered by this review, the cash deposit rate will continue to be the company-specific cash deposit rate published for the most recently completed segment of this proceeding in which the company

participated; (3) if the exporter is not a firm covered in this review or another completed segment of this proceeding, but the manufacturer is, then the cash deposit rate will be the company-specific rate established for the completed segment for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 2.16 percent, the all-others rate established in the less-than-fair-value investigation.²⁵ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these preliminary results in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.213(h) and 351.221(b)(4).

Dated: June 11, 2026.

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistance Secretary for Enforcement and Compliance.

Chromium Trioxide From the Republic of Türkiye: Postponement of Final Determination of Sales at Less-Than-Fair-Value Investigation and Extension of Provisional Measures

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) is postponing the deadline for issuing the final determination in the less-than-fair-value

(LTFV) investigation of chromium trioxide from the Republic of Türkiye (Türkiye) until October 5, 2026, and is extending the provisional measures from a four-month period to a period of not more than six months.

DATES: Applicable June 16, 2026.

FOR FURTHER INFORMATION CONTACT: Colin Thrasher, Office V, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3004.

SUPPLEMENTARY INFORMATION:

Background

On January 5, 2026, Commerce initiated the LTFV investigation of chromium trioxide from Türkiye.¹ The period of investigation is July 1, 2024, through June 30, 2025. On May 22, 2026, Commerce published the *Preliminary Determination* in this LTFV investigation.²

Postponement of Final Determination and Extension of Provisional Measures

Section 735(a)(2) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.210(b)(2) provide that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such postponement is made by exporters or producers who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by the petitioner. Further, 19 CFR 351.210(e)(2) requires that a request by exporters for postponement of the final determination be accompanied by a request for extension of provisional measures from a four-month period to a period of not more than six months, in accordance with section 733(d) of the Act.

On May 20, 2026, pursuant to 19 CFR 351.210(e), the sole mandatory respondent in this investigation, Türkiye Şişe ve Cam Fabrikaları A.Ş. (Şişecam), requested that Commerce postpone the deadline for the final determination until no later than 135 days from the publication of the *Preliminary Determination*, and that

provisional measures be extended to a period not to exceed six months.³ In accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii), because: (1) the *Preliminary Determination* is affirmative; (2) the requesting exporter accounts for a significant proportion of exports of the subject merchandise; and (3) no compelling reasons for denial exist, Commerce is postponing the final determination until no later than 135 days after the date of the publication of the *Preliminary Determination*, and extending the provisional measures from a four-month period to a period not greater than six months. Accordingly, Commerce will issue its final determination no later than October 5, 2026.⁴
